

## Press Release

### Code Dx Enterprise Wins CyberSecurity Breakthrough Award for Vulnerability Management Solution of the Year

**NORTHPORT, N.Y. – October 23, 2018 – Code Dx, Inc.**, provider of an award-winning application security solution that automates and accelerates the discovery, prioritization, and management of software vulnerabilities, today announced that **Code Dx Enterprise** has won the **CyberSecurity Breakthrough Award** for the Vulnerability Management Solutions of the Year.

With over 3,000 nominations, the CyberSecurity Breakthrough Award recognizes excellence in information security and cybersecurity technology companies, products and people.

“Code Dx is honored once again to have its flagship product, Code Dx Enterprise, recognized for its innovativeness,” said **Anita D’Amico, Ph.D.**, CEO of Code Dx. “Our team continues to focus on adding new features and functionality to not only meet our clients’ and prospects’ constantly evolving challenges in developing secure software, but also in looking ahead and creating innovative solutions ahead of market demands.”

#### **About Code Dx**

Code Dx, Inc. is a provider of an award-winning application security solution that automates and accelerates the discovery, prioritization, and management of software vulnerabilities. The Code Dx Enterprise solution integrates the results of multiple static, dynamic, and interactive Application Security Testing (AST) tools, third-party component analyzers, threat modeling tools, and manual reviews into a consolidated set of results for quick and easy triage, prioritization, and remediation. The core technology was partially funded by Department of Homeland Security Science & Technology (DHS S&T) to help secure the nation’s software supply chain.
